

Grocery Stocker/Receiver

Grocery Department

The Grocery Department is one of the largest departments at WFM, grossing over \$2 million/year. It comprises specialty groceries shipped directly to us from small vendors from across the country, everyday grocery items purchased from larger distributors—and everything in between. Our staff includes receivers, stockers, bulkers, buyers and merchandisers. There is never a dull moment with over 15,000 items coming in (and many hopefully going out!) the door at any given point during the year. We rely heavily on our inventory system called ECRS and work very closely with our Cashiering Department in regards to giving our customers amazing service 24/7. The Grocery Department also is responsible for Dairy and Bread sales and works closely with Wine and Beer sales/merchandising.
